# BRANDING, EMBROIDERY & NUMBERING

## BRANDING SET-UP SPECIFICATIONS

Please ensure an electronic version (e.g. Corel draw / PDF / EPS / TIFF / JPEG) of the logos required are sent through with your orders. Please check the proof that will be sent to you for logo positioning and colours.

If you need a new logo designed or if we have to redraw a logo or emblem due to poor quality sample, there might be extra charges and proofs will be sent to you for approval. A clear sample or example will be needed for redraw of logo's. All corporate logos supplied as vector artwork MUST comply with Logo

Guides:

### FORMAT

#### ELECTRONIC

The preferred format for logos is in vector format that is CorelDRAW or Adobe Illustrator files (or PDF / EPS if converted from original files). Otherwise a TIFF, Bitmap or JPEG with a high resolution. DST files for embroidery will ensure no extra charge for digitizing.

#### HARD COPY

If there is not an electronic version of the logo available, the logo will need to be supplied as a good quality hard copy. This can be a paper copy or laser printout but a redraw charge will be added to your order.

### FONT

Provide font names where applicable or when sending artwork, convert all fonts to curves.

### SIGN-OFF

Ensure that all details on proof forms are checked and approved with a signed copy or via email.

### COLOURS

Pantone numbers must be provided if you require an exact colour, otherwise standard colours will be used.
